CLARK HOUSE GETS A FACE LIFT

If you have come by the Round Lake Library in the Village lately, you will have noticed all manner of construction projects and new items. Thanks to matching grants from WRLIS and New York State, we have been able to take on some much-needed projects to improve Clark House.

Some of these projects include attic insulation, new storm windows, the addition of central air conditioning, rebuilding and enclosing the front porch, replacing windows on the side porch, renovating the staff bathroom, reinforcing outer walls against storm drainage, and creating a director's office where a storage closet used to be.

Additionally, the WRLIS Improvements Committee has replaced children's puzzles and toys, turned the kitchen into a staff work area, hung curtains, insulated electrical outlets, and replaced some worn computer chairs.
