CHECK IT OUT

NEW NON FICTION

While the library offers a wide variety of electronic, audio, and visual media, we still offer a terrific selection of new books. Check out some of these recent additions to our non-fiction collections:

150 Best Jobs for the Military-to-Civilian Transition, by Laurence Shatkin, offers helpful advice for our returning servicemen and women on leveraging military skills in the civilian marketplace.

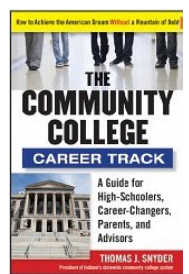

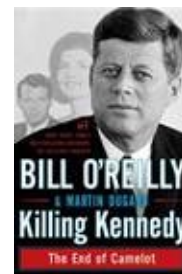

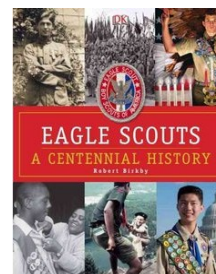

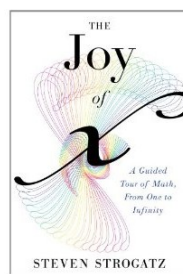

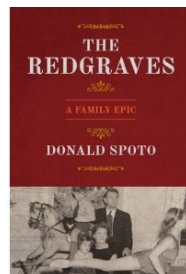

The Community College Career Track: How to Achieve the American Dream Without a Mountain of Debt, by Thomas Snyder, discusses the advantages which are offered by community college attendance, for both new high school graduates as well as those who have not attended school in awhile.

Eagle Scouts, a Centennial History, by Robert Birkby, explores the first hundred years of Eagle Scouting in a pictorial text sure to please current and former scouts as well as the general reader.

Killing Kennedy: The End of Camelot, by former teacher and tv commentator Bill O'Reilly, is a readable look at events leading up to the president's assassination, as well as the aftermath of the tragedy.

The Redgraves, by Donald Spoto, looks at the theater dynasty which gave the world Lynn Redgrave, Vanessa Redgrave and their father, Michael Redgrave.

The Joy of X: A Guided Tour of Math, from One to Infinity, by Steven Strogatz, is an extremely readable text which highlights how math underpins most of our everyday life. You need not be a math scholar to absorb what this book has to offer.

These and more titles are available at the Round Lake Library.
