Banned Books Week

September 21st-27th, 2014

Banned Books Week is an annual event celebrating the freedom to read.

During the last week of September, this week highlights the value of free and open access to information. Banned Books Week brings together the entire book community in shared support of the freedom to seek and to express ideas, even those some consider unorthodox or unpopular. All week both branches of your library will have movies, displays and activities!
